## Kane County Income & Education Action Team

### WHAT ARE WE DOING?

We are supporting middle schools through creative communication strategies about middle school career readiness.

We are engaging students, parents, teachers, counselors, employers, and community partners to help us.

GOAL: To increase Kane County high school graduation rates and engage students in post-high school careers or college

Join our next Income & Education Action Team meeting:

February 21, 2020

[Click here for details](#)

The Kane County Community Health Improvement Plan (CHIP) identifies graduation rates and income capacity as a priority.

Our CHIP Income and Education Action Team is

a collaboration of community partners striving to engage middle school students and parents in preparing for careers beyond high school.
