### **Phoenix Food, recalls dip mix product because of possible contamination**

The Kane County Health Department is advising that Phoenix Food, LLC, of Canton, Texas, announced it is voluntarily recalling select Dip Trio Mixes due to the potential presence of *Salmonella* in the seasoning packet.

No reported illnesses or instances have been reported to the company to date. The Dip Trio Mixes were distributed nationwide under the Homemade Gourmet Brand through distributors and on-line sales.

Although no *Salmonella* was found in the jalapeno powder supplied to Phoenix Food, the company has decided to recall these products out of an abundance of caution.

The Dip Trio Mix contains a dry mix packaged in a plastic barrier bag labeled "Jalapeno Bacon". The bag is inserted into a red box entitled Dip Trio Mix. Specific lot codes: K110420161, K111220161 & K111120161, located on the top of the box, are the products affected by this recall.

*Salmonella* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Customers who purchased these recalled products should dispose of the product. To receive a full refund or replacement product of their choice customers may email the company at [food@phoenixfoodco.com](mailto:food@phoenixfoodco.com) or call 800-903-9473, select option 1, Mon-Fri, 9 a.m. – 5 p.m. CST. When contacting the company, please identify what product was purchased and the location of where it was purchased.
