Fish products recalled due to possible contamination

The Kane County Health Department is advising that OLMA-XXI, Inc. of Brooklyn, N.Y., is recalling Premium fish products because they have the potential to be contaminated with *Listeria monocytogenes*.

No illnesses have been reported to date, however the products were distributed in Illinois and other states. The products recalled are:

- Premium Norwegian Salmon Smoked, Sliced 8 oz (227g), UPC #856687004288, lot #606002 - best by 02/23/2017
- Salmon, Turbot, Butterfish Smoked, Sliced 8 oz (227g), UPC #856687004448, lot #529910- best by 10/20/2016

Both items are packaged in a plastic vacuum packed bag.

Listeria monocytogenes is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, listeria infection can cause miscarriages and stillbirths among pregnant women.

The recall was the result of a routine sampling program by the Florida Department of Agriculture and Consumer Services, Division of Food Safety which revealed the presence of *Listeria monocytogenes*. Consumers who have purchased the products are urged to return them to OLMA-XXI, Inc. for a full refund. Consumers with questions may contact the company at 718-675-0706, Monday – Friday, 8am – 6pm, ET.
