Conway Import Co. recalling salad dressings

The Kane County Health Department is advising that Conway Import Co., Inc., of Franklin Park, Ill., is voluntarily recalling Conway Organic Sesame Ginger Dressing and Conway Citrus Organic Vinaigrette Dressing because it has the potential to be contaminated with *Salmonella*.

The product was distributed in Illinois and other states through direct deliveries, but so illnesses have been reported.

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), Endocarditis and arthritis.

The products were packed in plastic gallon jars with the mfg. code printed on the top of the cap and the cardboard shipping container. A list of the recalled products is available by clicking [here](#).

Consumers and media with questions may contact the company at 847-455-5600.
