

BEHAVIORAL HEALTH INTERPRETER TRAINING

For Interpreters

This intensive training immerses bilingual interpreters in the principles and practices of interpreter communication in behavioral health settings. Participants must be fluent in at least one language other than English.

Who Should Attend:

Direct service staff, clinicians, administrative support staff, community members, contractors, consumers, case managers, and others who use their bilingual skills to interpret for agencies.

September 2-3, 2025

8:30 am - 5:00 pm

IN-PERSON TRAINING

- 2-Day
- 14- hours total
- CEUs Provided

Each session is limited to the first 40 participants. Please register:
